

CHRIST CHURCH GIRLS' HIGH SCHOOL (H.S)

PROSPECTUS

2024

Our School

PERSPECTIVE

Completing 143 years of existence is a major milestone for any institution and more so for a girls' school. For more than a century young women have passed through our portals and emerged as strong capable citizens of our nation. We have helped them mature, equipped with the right skills, principles and attitudes necessary to function in this cyber age. The school is committed to provide quality education to all who come here irrespective of their religion and financial status. And though we still mainly rely upon the Chalk and Talk method, the school also makes use of a range of modern equipments and facilities to provide diverse learning opportunities required for the overall development of a child.

Since the time of its inception in 1882, Christ Church Girls' High School (H.S.) has been a conspicuous torchbearer on the uneven path of women's emancipation in the true sense of the term. We help our girls develop their mind, their conscience and be instilled with the right sense of duty and honour and the power to distinguish between right and wrong. These timeless principles have survived all changes in the existing world. And we in our turn constantly strive to hand down these values to the young women of the cyber age with the required adaptations.

Christ Church Girls' High School (H. S.), a Christian Minority Institution, functions under the aegis of the Diocese of Calcutta, Church of North India. The Diocese is not only committed to play a vital role in the field of education, both academic and vocational, but also in the social scenario with many old age homes and schools for the less privileged to its credit. The Diocese is headed by the Bishop of Calcutta who is also the President of our School Managing Committee.

From The Principal's Desk

School years in the life of every child are special. It is where they learn not only the basics of knowledge but also the lessons of discipline and moral values that enable them to follow the path of righteousness and establish themselves with a firm footing in society. Since its inception in 1882 by Ms. Henrietta J. Neele, Christ Church Girls' High School (H.S) has been a model school for aspiring little girls—"The Christinas"—instilling in them the much needed confidence and zeal to prove their mettle in the modern world scenario.

I feel privileged to be the leader of such a heritage institution which has successfully completed 143 years of its existence and contributed enormously to the cause of women's education and liberation. It is our goal to make each and every student succeed not only academically but also in other spheres of life. From the moment a student becomes a "Christina", we want her to feel a sense of happiness and belonging – vital for her future success in life. Our wonderful natural ambience, splendid infrastructural facilities and

excellent teaching faculty, gives to each student a congenial environment that is intimate, friendly and attuned to every specific educational need. We are extremely happy that even amidst the din and bustle of a city life, our students are fortunate enough to grow up in the lap of nature, with sprawling playing fields and beautiful gardens encompassing the entire school campus.

We follow the curriculum set by the West Bengal Board of Secondary Education and also West Bengal Council of Higher Secondary Education for the Class X and Class XII Board Examinations respectively. Our students have been excelling in their academics every year, thereby glorifying the name and fame of their Alma Mater. As we believe in an overall development of the young minds, we also offer a number of co-curricular activities along with the academics in order to give our students the suitable platform to show case their innate talents. Over the years, our incessant endeavour has borne fruit and left an indelible mark on the lives of many great women figures in our society. We, as educators watch with great pride and glory, how the little pupae of the Pre-Primary and Primary Sections metamorphose into beautiful vibrant butterflies in the Secondary and Higher Secondary sections. Our happiest moments are when our little Christinas win accolades for themselves in the Board Examinations and emerge with flying colours in their lives. As the lead Gardener of this beautiful Garden of Eden, I heartily welcome many more aspiring youngsters to become Christinas– “The followers of God”– in this abode named after our Lord Himself and contribute towards the betterment and upliftment of our Nation in the years to come.

– Ms. Helen S. Sircar

Academic Year

Transition - Class - X - January to December / Classes XI-XII - July to June

Faculty

This is a Higher Secondary School preparing children for the Secondary and Higher Secondary Examinations affiliated to the West Bengal Board of Secondary Education and the West Bengal Council of H. S. Education respectively. We have nearly 100 teaching staff, well assisted by our administrative staff and ancillary staff.

Here's Looking at us

The date of the origin of Christ Church Girl's High School (H.S.) might be traced even much before the date of its official existence. In the days of child marriage, female infanticide, widow-burning, purdah system, - when emancipation of women was a dream even undreamt of; was set up Christ Church Girls' High School (H.S.). She indeed owes her birth to one energetic Lady Missionary, Miss Henrietta J. Neele and her associate Miss Alice Sampson, who came down all the way to India from the Church Missionary Society, London. The school was then located at Christ Church Parsonage, 182, Cornwallis Square Kolkata.

After Miss Sampson and Miss Wolley, Miss Rachel Taylor occupied the stage and it was during her tenure in 1932 that the school was shifted to the present site to meet a real need of the locality. During the Second World War the school campus had been requisitioned by the army and was shifted to Krishnanagar Queen's School, Nadia for a brief period. Miss A. L. Chrestien took over charge from Miss A. H. Kempson in 1942 and was the first Indian incumbent designated as Principal of the school.

Finally the school got reshifted to its own premises in Dum Dum and the seedling that was planted 138 years ago by Miss Neele, gradually transformed into a gigantic tree firmly rooted and grown not merely in size during the years, but also in her role of educating and emancipating women, which was further carried on by the valuable contribution of Miss A.S. Mammen from 1956 to 1986.

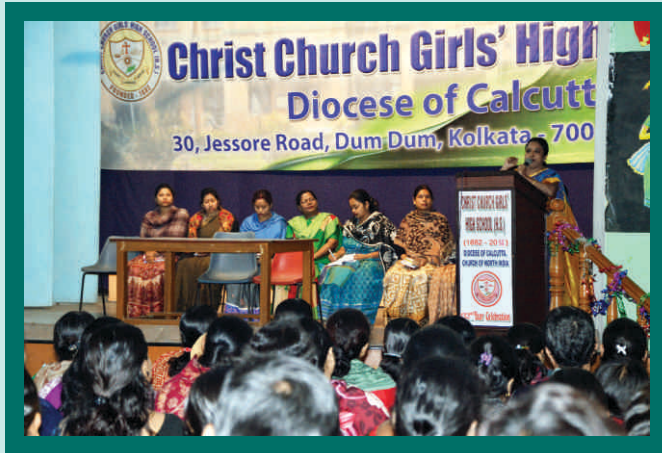

The charge was then passed on to Mrs. Sucheta Roy followed by Mrs. Simanti Gonsalves, (Teacher-in-charge). Both of them also contributed immensely towards the betterment of this institution.

At present, Mrs. Helen S. Sircar has taken up charge as Principal of this prestigious institution. Since Dec, 2011 Under her leadership, the school has taken a giant leap forward keeping in mind the needs of the present era. The school, under her able guidance has undertaken the humungous challenge of the gradual conversion from a Bengali medium to an English medium school from the Academic Year 2018 onwards. At present (Classes Transition to VII) have English as the medium of instruction, and in the following years they will proceed as English medium students and sit for their Board Examinations i.e. West Bengal Board of Secondary Education (Class X) and West Bengal Council of Higher Secondary Education (Class XII) with English as their medium of instruction.

Infrastructural Facilities Our Pre-Primary Dept.

Infrastructural Facilities

Laboratories: We have 5 well-equipped laboratories (Physics, Chemistry, Biology, Geography and Nutrition) and 2 fully Air-conditioned Computer Laboratories with more than 60 terminals. It has all the latest software and provides connectivity to the Internet.

Physics Laboratory

Chemistry Laboratory

Computer Laboratory

Biology Laboratory

Geography Laboratory

Nutrition Laboratory

Infrastructural Facilities

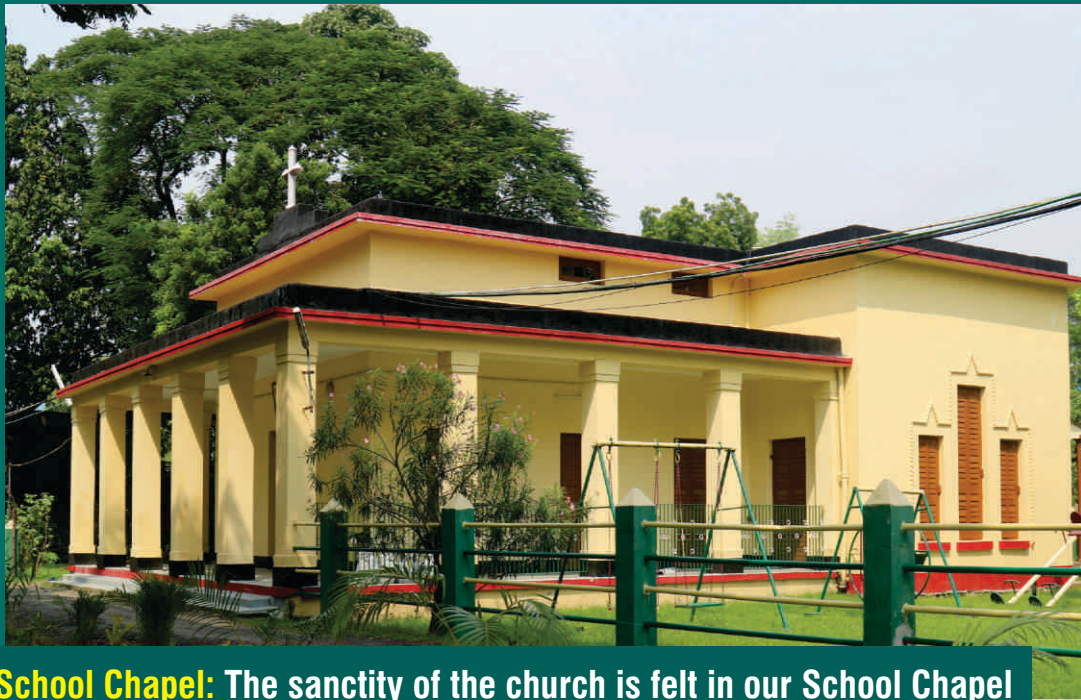

School Auditorium: The School has a spacious auditorium with a seating capacity of 600, catering to various programmes held throughout the year.

Assembly Hall : We whole-heartedly believe that teaching children to pray will help them attain inner peace, success and happiness in their lives. So, we begin each day with a prayer followed by the Message of the day and Hymns in the Assembly Hall, before the commencement of classes for the day.

Infrastructural Facilities

School Chapel: The sanctity of the church is felt in our School Chapel

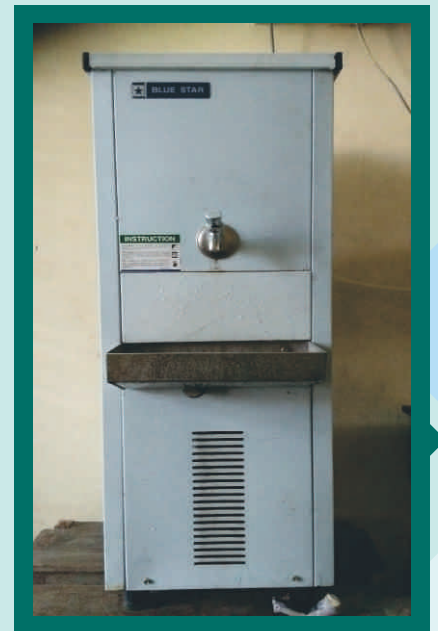

Library: Our School has a well-equipped library having more than 5000 books both reference and fiction to cater to the academic needs as well as to build in them an interest for reading books rather than being glued only to the internet.

Infrastructural Facilities

Medical Room: The school has a well-equipped room for students who are unwell during the school hours. We also have a registered Medical Practitioner who is called for, as and when the need arises.

Purified Drinking Water : 3 water coolers and a number of Aqua Guards along with a water purification Tank is available to provide adequate and safe drinking water to all students.

Conveyance: There are at present three school Buses for the transportation of its students to and from the school.
